DECLARATION ON PACKAGING AND PACAKGING WASTE REGULATION

To whom it may concern:

We continuously work with our suppliers to ensure that the packaging items included with our products comply with the applicable regulatory requirements stablished by the Packaging and Packaging Waste Regulation 2025/40 (PPWR) articles applicable to date.

Heavy Metals

According to the available supplier declarations and supporting documentations, the materials used in packaging components of our products do not exceed the applicable limit value of 100 mg/kg (ppm) for:

- **Lead (Pb)**
- **Cadmium (Cd)**
- **Mercury (Hg)**
- **Hexavalent Chromium (Cr VI)**

Food contact PFAS:

The packaging supplied by Xylem is not intended for food-contact. Therefore, there is no applicability for food contact PFAS restrictions of Regulation (EU) 2025/40. Although our packaging is not intended for food contact applications, to the best of our knowledge our packaging items do not contain the applicable PFAS substances, as these substances are not intentionally added during the manufacture of the packaging items supplied to Xylem, nor we add these substances to our packaging items.

Disclaimer and limitations.

The information contained herein is accurate and reliable as of the date of publication; however, we do not assume any liability for the accuracy or completeness of such information. We do not conduct routine analytical testing for PFAS. Our compliance statement is based on information provided to Xylem made available by our suppliers and verifications of materials used in manufacturing. It is the customer's responsibility to inspect and test our products to satisfy itself as to the suitability of the products for its particular purpose and to ensure compliance with local regulations. Accordingly, Xylem makes no independent representations or warranties, express or implied, and assumes no liability regarding the use of this information. This information may be updated if the relevant regulatory requirements, supplier information or material specifications change.

Sincerely,

Dariel Jurado Terrazas
Compliance Lead
